

## Calcium Chloride Anhydrous Powder Lums

We have earned enough expertise in providing fine quality standard of other chloride chemicals such as CALCIUM CHLORIDE ANHYDROUS POWDER/LUMS. We are indulged in providing fine arrays of Calcium Chloride Anhydrous Powder / Lumps which are of premium quality and contain maximum pH level. These chlorides are offered in different forms, are alkaline as Ca (OH), tested on different quality standards and contain Zero Level Impurities. Also, these chlorides are being provided at market leading prices and are completely insoluble in water with 100% purity.

CALCIUM CHLORIDE ANHYDROUS POWDER / LUMS	
<b>Description</b>	White Dry Crystalline Powder . Lums, Deliquescent
<b>Dry Basis Assay as Calcium Chloride</b>	99.10 %
<b>LOD @ 200 C</b>	2.20 %
<b>Calcium Chloride...Assay</b>	96.90 %
<b>Clarity of 10% Solution</b>	Clear and Colourless

## Hari Om Enterprises

---

<b>Magnesium</b>	0.30 % max.
<b>Iron</b>	10 ppm max.
